**PURPOSE**

The Workforce Innovation and Opportunity Act (WIOA) provides for a workforce system that is accessible to all job seekers, customer centered, and job driven. WIOA allows for the provision of career and training services. This policy defines basic and individualized career services, training services, and follow-up services under WIOA Title 1 Adult and Dislocated Worker Programs.

**PROCEDURE**

This policy is for the provision of information as to the types of WIOA funded services available to adults and dislocated workers seeking services through the local workforce service delivery system. Staff shall ensure that participants meet the eligibility requirements for enrollment in Individualized Career Services and/or Training Services prior to the provision of such services.

**OVERVIEW OF WIOA SERVICES**

The goal of WIOA Adult and Dislocated Worker services is to help individuals obtain quality employment in in-demand industries and occupations. WIOA authorizes career, training, and follow-up services for adults and dislocated workers. Services may be provided in any order, there is no sequencing requirement for services.

WIOA Services include:

- Three types of Career Services:
  - Basic career services.
  - Individualized career services; and
  - Follow-up services.
- Training Services

The provision of individualized career services must be based on the employment needs of the individual as determined jointly by the individual and an Employment Specialist. Career services may include comprehensive skills assessments, career planning, and development of an individual employment plan.

Basic Career Services are universally accessible and must be made available to all individuals seeking employment and training services in the local workforce service delivery system. Basic career services generally involve less staff time and include services such as eligibility

determination, initial skill assessments, labor exchange services, provision of information on programs and services, and program referrals.

Individualized Career Services must be provided to participants after staff determine that such services are required to retain or obtain employment. Generally, these services involve significant staff time and customization to each participant's need. Individualized career services required WIOA enrollment and involve services such as specialized assessments, developing an individual employment plan, counseling, and work experiences (including transitional jobs).

Follow-up Services must be provided for adults and dislocated worker participants who are placed in unsubsidized employment, for up to 12 months after the first day of employment. Follow up services may include: work place counseling, job retention coaching, or rapid re-employment services. Northwest Oregon Works' policy is to expand the required period of follow-up services to include the first four quarters following the quarter of exit. Follow-up services may be provided in combination with employment confirmations provided by staff.

Training Services may be provided in situations where staff have determined, after conducting an interview, an evaluation, or assessment, and career planning, that the individual is in need of training services to obtain or retain employment that leads to economic self-sufficiency
